

## **EDI-T 18650 Rechargeable Torch Warranty Statement**

EDI-T Lights Australasia has a simple and user friendly warranty policy. We also carry reasonably priced spares for all non-warranty repairs.

All electronic components (LED chip and switch) are covered for ONE YEAR (12 MONTHS) from the date of purchase. Light bodies have a FIVE YEAR (60 Months) warranty.

The Warranty does not cover Pouches and Lanyards, nor does it cover damage caused by intentional or accidental misuse or normal wear and tear.

### **Owner's Instructions**

Congratulations on your choice of a quality EDI-T light! Very lightweight and compact, these lights are simple to operate and maintain.

**DO NOT REMOVE THE CLEAR PLASTIC INSULATING COVER OF THE BATTERY**

**NEVER LOOK DIRECTLY INTO THE LIGHT**

**ALWAYS OBSERVE CORRECT BATTERY POLARITY ESPECIALLY WHEN CHARGING**

Your Battery is protected from damage by reversed polarity, but your charger may be overloaded and suffer damage if you put your battery in the wrong way.

#### **1. Batteries and Charging.**

EDI-T batteries have an inbuilt protection circuit that prevents the battery being damaged through overcharging, discharging and reverse polarity. You can charge the battery daily without harm.

Most batteries come partially charged and should be fully charged before first use.

Recharging time is up to 6 hours

**2. To adjust focus** on the torches, hold the body in one hand, and with the other, gently push the lens housing away from you for tight focus, and pull back towards you to the closed position for flood. With practice you will easily change focus with the fingers of one hand.

**3. Service and maintenance** – For Warranty Contact Details and Other Important Product Information, please visit [www.edi-t.com.au](http://www.edi-t.com.au)

It is recommended that all seals and threads be checked regularly for damage or wear, and lightly lubricated with silicon grease.

**If partial disassembly is required DO NOT TOUCH THE LED**
